OUR STORY

For more than 25 years, Ice Butcher (f/k/a Sculptured Ice Occasions) has been a part of Florida's (and beyond) greatest events, both big and small, with thousands upon thousands of perfectly butchered ice sculptures. The brand has evolved and is delivering not only world class ice sculptures and showpieces, but also new and exciting product lines that will enhance your guest's experience.

From perfectly clear cocktail cubes and spheres, to inclusion cubes and mini sculptures that make the everyday event special.

ORDERING PROCESS

See a picture or rendering of something you like, tell us "I want that!" Use product numbers where possible.

If you don't see exactly what you're looking for and want a fully-custom sculpture or have a wild idea and want to spend a little time working with us on creating the perfect piece, we can handle that as well

You can start the order process by sending us reference images and/or product names and #'s, we'll collect a small deposit and will design a custom rendering for your approval and make it ready for carving. Once approved, our ice craftsman will carve your masterpiece, which will come with a drain tray, tray skirting (if appropriate), LED lighting, delivery and set-up (additional fees may apply).
